

The Nature Song

1. Spring time, April, windy weather.
Sun, rain, cold warm weather chaos.

I take my blue bike and place it upside down.
I take some water and clean up the wheels.
Now I am ready to show all my friends my.
Shining nice blue steel.

2. Summer, July, perfect daylight.
Happy people, lovely feeling.

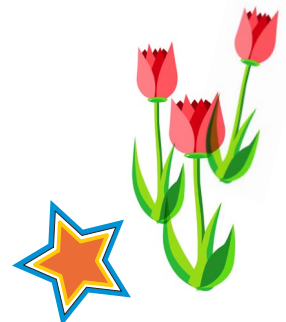

I swim as fast as I can in the water.
I take a deep dive 2 meters down.
The beach in Mingoville is so pretty.
Love the water's sound.

3. Autumn, days are, getting shorter.
Wind is blowing, leaves are falling.

I take my rubber boots from the closet.
I'm walking through all the water I see.
Nothing can stop me but grandma's calling.
Inviting me for tea.

4. Winter, freezing, warm socks needed.
Snow is pretty, sparkling, falling.

I pull my old sledge up from the basement.
I take it to the top of Mingo Hill.
Now I am ready to go for a wild trip.
"Oh", a perfect thrill.

Outro Now the year is over, went well.
Love to start it over again.
